The Grand Rapids Flight is taking a new direction as it embarks on a third season in the International Basketball League.

IBL Commissioner Mikal Duilio has taken over majority ownership of the team, while former Aquinas College assistant coach David Fox has been named the team's new general manager and head coach.

Fox, who has spent the past 10 years coaching at the college level, replaces Terry Sare, who guided the Flight to the IBL semifinals last season.

Grand Rapids opens the 2007 season in Holland on March 23. The Flight's home opener is April 6 at its new venue, Forest Hills Northern High School.
